

TWISTER

Acoustic beauty based on Fraster Felt

Twister is a collection of handcrafted acoustic absorbing wall panels, ideal for small or bigger spaces with acoustic challenges.

Twister is a dual coloured felt panel with an artistic look.

Each Twister panel can be turned and positioned and placed together with other modules to form completely new patterns.

Choose from a number of designs and colour combinations.

Twister is designed by the designers Masoud Alavi and Kim Fridbjørg from the design-company Vworks
